2nd
WORLD TAMBURELLO INDOOR
CHAMPIONSHIP **8, 9, 10 DES 2017**

Hello! Welcoming Words

Bernard Barral (FIBaT President)

During this year 2017, *Ivory Coast* and *Benin* have joined FIBaT, thus rising up the number of affiliated nations to 22. The International tamburello is close to be developed in every continent. Besides, the number of clubs wanting to participate in the European Cups is also rising.

The 2nd World Championship have been organized by Catalonia, after Italy hosted the last edition back in 2013. Up to twelve countries will take part in this tournament, aiming to take over the trophies of World Champions won by Italy, both in men and women.

This sporting event will be a great competition and celebration of tamburello, as our Catalan friends know how to achieve it. The political situation will not disturb the desire of our athletes to give the best version of themselves on the playing court.

I wish everyone good luck and hope that the matches would be fair and of the highest level.

I would like to thank the cities of Vilanova and Vilafranca, Catalan tamburello clubs, the Catalan Federation and the *Consell Català de l'Esport*.

Welcome to Catalonia, I am looking forward to see you all at the Awards Ceremony that will be celebrated Sunday evening and will reveal who will win the World Championship.

Jose Martínez (FCT President)

Regardless being a great challenge, the will of organizing the 2nd World Championship Tamburello Indoor was put on the table with excitement. The opportunity of having the best tamburello players on the court, is enourmously bigger than the effort needed for organizing the International tournament.

On behalf of the Catalan players, I would like to welcome every member of the tamburello family and wishing to all of them a successful championship.

I would like to encourage people to come to the arenas and experience the beauty of tamburello sport, played by the best international players.

This event has moved forward thanks to the effort deployed by many people who have voluntarily taken time off their personal lives and fulfilling several tasks to make it possible...to all of them my most sincere gratitude.

I would also like to thank the institutions behind this project, *Consell Català de l'Esport, Vilanova i la Geltrú* and *Vilafranca del Penedès* city councils, which have given out a precious help to make the World Championship possible.

Last but not least, my most sincere gratitude to sponsors who have taken on the tamburello values and becoming a key actor on this tournament. For your trust and support, thank you.

Catalonia, a sporting nation

Sport plays a crucial role in Catalan life since the beginning of the 20th Century. Catalonia was one of the first European nations to join the sport movement of the last century and has one of the best rates of clubs per number of inhabitants. Although the main sports in Catalonia are football, basketball, handball; catalans have a long tradition in incorporating new sport realities. Therefore, less worldwide disseminated sporting initiatives such as korfbal, fistball, Twirling or Tamburello to name some; have been established in Catalonia over the years with official competitions.

Most of the Catalan Sports Federations have a lot of tradition and some of them participated in the foundation of International Sports Federations, as the Catalan Federation of Rugby, that was one of the founder members of the Fédération Internationale de Rugby Amateur (FIRA) in 1934. However, most Catalan sportspeople have to compete within Spanish national teams.

The organization of the Olympic Games in Barcelona in 1992, was the greatest ever success of Catalan sports as the world could see many great Catalan athletes performing. Currently, the best examples of Catalan sporting strength are waterpolo where 9 out of 13 participants of the Spanish national team were catalan-born during the last Olympic Games in Rio, both roller and field hockey where more than 90% of players are catala-born, as well as Basketball, sport that has a long tradition in Catalonia and have given the world some of the best names in history.

Nowadays Catalonia has a number of officially recognised national teams competing in World and European championships; this "2nd World Championship Tamburello Indoor" will be a clear example of it!

The hosting cities

Vilanova i la Geltrú

Historically a fishing port, the city has a growing population of approximately 66,000. The city is the born place of one of the most iconic Catalan presidents, Francesc Macià (1859–1933).

The town has a long history, and experienced an efflorescence during the Romantic period evidenced by a wealth of opulent 19th century buildings. Located 46 km from Barcelona and 44 km from Tarragona, it has the third largest port of Catalonia and is a major fishing port. The Railway of Vilanova has been another city's vital main of transportation. Built between 1882 and 1884 links the coastal line with the imperial Roman city of Tarragona and the inner line towards the city of Lleida.

The city has nowadays a strong academic reality after the creation of *The University Campus of the Mediterranean* an initiative of the City Council of Vilanova i La Geltrú, the Polytechnic University of Catalonia and European Institute of the Mediterranean under the aegis of the Municipal Institute of Education and Work (IMET).

Vilanova has a long sporting tradition, the most relevant club is the roller hockey team a member of the main national roller hockey league OK Liga. In 2011 Vilanova hosted the European Roller Hockey Cup Final Four. Tamburello wise, Vilanova hosts every September the Catalonia International Tambeach Tournament, one of the most relevant tambeach tournaments, since 2006

VILAFRANÇA
DEL PENEDÈS

TAMBURELLO INDOOR
2nd WORLD CHAMPIONSHIP

Vilafranca del Penedès

The city has a population of over 39,000 and was founded in the middle of the 12th century as a result of the decline of Olèrdola, which had been until then the main local centre of the region. It was established as the seat of a *vegueria* (ancient administrative organization) in 1304. The Corts were held in the town in 1218 under King James I of Aragon, and again in 1358–59 and in 1367. King Peter III of Aragon died while staying at the royal palace in Vilafranca in 1285.

The gothic church of Santa Maria and the royal palace (*Palau Reial*) are situated in the historic town centre. The latter building from the thirteenth century houses the city's museum of archeology, paleontology, ornithology, ceramics and sacred art, and a Museum of Wine (*Museu del Vi*). Other notable monuments include the church of Sant Joan, the convent of Sant Francesc and a number of old merchants' houses such as the *Palau del Fraret*, *Palau Macià*, the *Casal dels Gomà* and the *Casal del Marquès d'Alfarràs*.

Vilafranca is a centre for the local wine industry, along with neighbouring Sant Sadurní d'Anoia and hosts one of the most relevant cultural/festive heritage of Catalonia, being "human towers" a particular impressive one.

Sporting wise, Vilafranca has another roller hockey team on top of its main clubs, which has competed several years in the main OK Lliga division and is the home city of Garraf-Vilafranca one of the Tamburello League clubs.

Main sporting facilities

Pavelló Municipal Isaac Gálvez

Will be the major arena of the tournament as it has a capacity of up to 2.000 spectators. Located in the city of Vilanova i la Geltrú will be the hosting facility of the finals on the 10th of December.

Pavelló Polisportiu Nou “la Gamba”

La Gamba is the newest Vilafranca del Penedès arena and one of the biggest ones in the city. It's named after a prawn due to shape of its ceiling similar to the animal's body. Will be hosting the group's matches, the quarter finals and the semifinals.

Youth Tournament

Youth players of Catalonia, France, Italy and Spain will be playing on Saturday and Sunday at the CEM Isaac Gálvez annexed arena. This is a FCT initiative to promote youth sport during the “2nd World Championship Tamburello Indoor”. Besides this is an opportunity to build up youngsters’ confidence towards tamburello sport, by playing next to the best tamburello players in the world.

FINAL	12:45	14:00		/				

Introducing Catalan

As you probably know Catalonia has its own national language: Catalan. Catalan is a Romance language derived from Vulgar Latin (and named after the medieval Principality of Catalonia, nowadays enclosed in northeastern Spain). It is the only official language of Andorra, and co-official language of the Spanish autonomous communities of Catalonia, the Balearic Islands and Valencia (where the language is popularly known as Valencian). It also has semi-official status in the Italian commune of Alghero and it is spoken in some regions of the autonomous community of Aragon in Spain, and southern France. These territories are often called Catalan Countries, as a common cultural heritage related to linguistic origins.

Below you will find some ways to start practising the language...have a go!

Greetings
